My Own Superhero

[Verse 1]
Ever since I was born
You've always been there
From the first breath that I took
My little hand holding onto your fingers
When you look into my eyes
Your hazel eyes matches mine

[Pre-Chorus]
As I grew up,
You guided me every step of the way
My first steps was in your presence
My hand now beginning to fit inside of yours
The forming of my first words learning to talk

[Chorus]
You taught me
What's right and what's wrong
You taught me how to be strong
I learned how to be a man from you
At times I learned my own lessons
Even though life has many ups and downs,
You taught me to push on

{Verse 3- Spoken}
When I look at you,
All I feel is envy

Because it’s you who I want to be like
You taught me to never give up

[Pre-Chorus]
As I grew up,
You guided me every step of the way
My first steps was in your presence
My hand now beginning to fit inside of yours
The forming of my first words learning to talk

[Chorus]
You taught me
What’s right and what’s wrong
You taught me how to be strong
I learned how to be a man from you
At times I learned my own lessons
Even though life has many ups and downs,
You taught me to push on

{Bridge spoken}
This journey is far from over
I’m almost halfway there
I’m proud to be your son
You taught me courage
That I can emulate as my own
I’m no longer a boy that I once was
Now I am the man you knew I’d become

[Pre-Chorus]
As I grew up,
You guided me every step of the way
My first steps was in your presence
My hand now beginning to fit inside of yours
The forming of my first words learning to talk

[Chorus]
You taught me
What's right and what's wrong
You taught me how to be strong
I learned how to be a man from you
At times I learned my own lessons
Even though life has many ups and downs,
You taught me to push on

{Outro Spoken}
You are no longer there in my sight but you still guide me

{Spoken}
You Dad are the only one that I call my own superhero, you will forever be in my heart.

{Spoken}
Dad I dedicate this to you, When you left, you took everything with you.
