True Love

{Intro}

True Love {X4}

{Verse 1}
When we were miles apart true love felt like a made up word,
Like a story left unread
For years, I've built walls full of lies
Like shadows of black and white
Until I met you

{Pre-Chorus}
I swore off love in the digital space,
Broken promises that was hard to erase

{Chorus}
The five thousand miles apart
Was a sacrifice I never knew existed
Until you showed me
With every message, and with every call,
My guarded heart began to fall

{Verse 2}
I'm scared that what I feel
For you is real
I've tried to get you out of my head
I've tried to get you out of my heart
I've tried to sabotage my feelings for you

{Pre-Chorus}
I swore off love in the digital space,
Broken promises that was hard to erase

{Chorus}
The five thousand miles apart
Was a sacrifice I never knew existed
Until you showed me
With every message, and with every call,
My guarded heart began to fall

{Verse 3}
Your eyes light up like a candle light
While your hands on my face
smooth and warm

{Pre-Chorus}
I swore off love in the digital space,
Broken promises that was hard to erase

{Chorus}
The five thousand miles apart
Was a sacrifice I never knew existed
Until you showed me
With every message, and with every call,
My guarded heart began to fall
